

Ambulance Service

4230-10 | Ambulance Service

Date Approved: February 19 2015

Date Amended: August 16 2016

When emergency ambulance service is required, refer to **4110-60 Emergency Preparedness – Medical Emergency Regulation**.

In the case of accidents in schools resulting in injuries where a student has to be transferred to the hospital by ambulance, the Board will accept the cost of the ambulance call.

In the case of accidents in schools resulting in injuries where an employee has to be transferred to the hospital by ambulance, the Board will normally be billed for the ambulance call and will accept the cost of the ambulance call.

If an ambulance is called for a student or an employee for a health-related emergency not related to an accident, the Board will not be responsible for the cost of the ambulance call.

Refer to **4310-40 Incident Reporting and Investigation Decision Tree** to identify the appropriate procedures to follow after the injured person has been aided.
