

Audit Services Policy

7410 | Audit Services Policy

Date Approved: September 09 2014

Date Amended: December 17 2024

POLICY

The Board will authorize independent auditing services for the school district. The annual renewable term will be for a maximum of five (5) years.

The Board will consider the annual renewal of the audit firm after an evaluation of the auditor's services. For clarity, the annual renewal is not dependent on the issuing of an unqualified audit opinion by the auditor.

A tender bid process will be used to select an independent audit firm. The award of the tender to the existing auditors will take into account the need to ensure the independence of the auditor.
