

Buildings and Grounds Projects Policy

3220 | Buildings and Grounds Projects Policy

Date Approved:

Date Amended: November 09 2016

POLICY

The Board supports regular maintenance, renovation, and rejuvenation of buildings and grounds. These projects are to be delivered in an environmentally responsible manner and will address:

1. Health and Safety Concerns
2. Fire Protection, Emergency and Building Security Systems
3. Building Envelope Systems
4. Mechanical, Structural and Electrical Systems
5. Classrooms and Other Interior Spaces
6. Access ways, Parking Lots and Recreational Spaces
7. Site Infrastructure (e.g. utility connections).

The Secretary Treasurer is responsible for maintaining facilities in an efficient and effective manner.
