

# International Students Policy

## 1220 | International Students Policy

Date Approved: January 14 2014

Date Amended: February 11 2020

---

Many students from other countries have come to British Columbia for schooling because their families value the high quality of education provided by our school system. Some International students enroll in Canadian schools to upgrade their language ability in one or both of Canada's official languages. Some students enroll to benefit from the cross-cultural experience of living and attending school in a country other than their own. Others come in order to graduate from secondary schools and earn a Dogwood Diploma.

The Board supports enrollment of international students and strives to meet their educational needs while ensuring that those who graduate meet all of the requirements of the Ministry of Education legislation and policy.

International students who graduate must meet all graduation requirements in ways that ensure competence in either French or English. In accordance with Ministry policy, international students may be restricted in the number and type of courses given credit through equivalency, external credits, or challenge.

Enrollment of international and non-reciprocal exchange students is subject to space being available and to tuition being paid to cover costs of their educational program.

Enrollment of reciprocal exchange students is subject to a local student attending overseas in their stead.
