3310-10 | Library Services

Date Approved:

Date Amended: May 08 1990

The Board approves the provision of adequate library services to all schools and directs that adequate library space be maintained in each new school.

"Adequate library service" exists when all of the following conditions are met:

1. The library room is large enough to conform to the Building Manual and contains the necessary furniture, books, and other materials properly installed.
2. Books and other materials are properly classified according to a standardized system followed in general library practice.
3. A professional staff is in charge of the library.

The Superintendent of Schools shall prepare for the Board schedules showing the amount of time to be given to library supervision and administration.
