Purchasing and Tendering Policy

7220 | Purchasing and Tendering Policy

Date Approved: September 09 2014
Date Amended: February 17 2026

The Board aims to be ethical and transparent when purchasing goods and services for the district. When required by regulation, tenders are used to obtain more than one bid. The goal of this policy is to ensure that the district receives the best value for its purchases.

Local vendors will be given opportunity to supply materials and services to the school district and may be given up to a 15% variance. The selection of the successful bid is subject to the Board's obligations under domestic and international trade agreements.

All purchases of $250,000.00 or greater will come to the Board for approval.
